A. S. OF E.

Holds Enthusiastic State Union Meeting at Owensboro.

David Moreland and J. P. Foster to Attend National Meeting and Represent Ohio Co.

The second State Union of the American Society of Equity met at Owensboro last Tuesday. The meeting was called to order by President David Moreland, who made a ringing speech, sounding the slogan of Equity. Many speeches were made, urging greater activity and more complete organization in all parts of the State.

The next meeting will be held at Frankfort the Second Thursday in January, 1907, and will no doubt encourage the organization in a part of the State which needs it.

At the election of delegates to the National Union, which meets at East St. Louis, Ill., Oct. 23, Messrs. David Moreland and John P. Foster were selected to represent Ohio county.

The following report of the Committee on Resolutions was adopted unanimously:

"Resolved, That the state A. S. of E. executive committee take such steps as are necessary to organize the Burley district as soon as possible and all other territory demanding our attention.

Resolved, That the Kentucky delegates to the national union of the A. S. of E. on October 23, be instructed to urge upon that body the necessity of a chief supervisor of the products of the farm, and also a subordinate for each state to look after the supply and demand of our products.

Resolved, That S. B. Robertson be instructed to prepare a tent for the Seven Hills chautauqua and keep on hand at the tent such literature as will be beneficial to the A. S. of E.

Resolved, further, That we instruct our delegates to the National union to urge a change in the National constitution and by-laws, giving us the privilege of holding one regular meeting annually, also granting us the privilege of naming the date of said meeting.

L. N. ROBERTSON, Chmn.
J. H. MCCONNELL, Secy."

Death of Mrs. J. S. Coleman.

Mrs. Coleman, widow of the late Dr. J. S. Coleman, died at 11:40 o'clock last Friday night at the home of her daughter, Mrs. Laura Magan, of Buford. Mrs. Coleman was born January 13, 1831, hence was seventy-five years of age. She was the daughter of the late William Austin and a niece of the late Rev. James Austin. Her first marriage was to Benjamin Field, about fifty-four years ago. He died in 1871, and in 1877, she was married to Rev. Dr. Coleman, who was one of the earliest Baptist preachers of the Green river country.

Surviving her are five children by her first marriage as follows: C. L. Field, Owensboro; Henry Field, Hartford; Mrs. Laura Magan, Buford; B. L. Field, Portland, Ore.; J. S. Fields, Owensboro.

The funeral took place Sunday morning from the Mt. Carmel Baptist church. By her request, Rev. B. F. Jenkins preached the funeral sermon.

Dr. James has a Clear Field.

There are now only two candidates for the Republican nomination for congress in the third district, former United States Marshal A. D. James, of Muhlenberg, and J. A. Oller, of Allen county.

Mr. George Baker, of Muhlenberg who has been an active candidate for the nomination, has decided to withdraw and will support Dr. James. In a letter to his constituents Mr. Baker tells them why he believes Dr. James is the man to make the race and announces his withdrawal.

Flem Wise Dead.

Flem Wise, an old resident of

Hartford, and for many years a miller, at the old steam mill, died at Owensboro Sunday and was buried at the Morton Cemetery here Tuesday. Twenty-five years ago Flem Wise was known and loved by every boy in ten miles of Hartford, who visited the mill and was assisted with his grist. He was of a sunny disposition and popular with all who knew him.

Gentlemen:—
Herewith please find P. O. Money Order for \$3.00, payment in full of amount due you on my subscription to the paper to include September, present year.

I also enclose a ballot for 30 votes in favor of Sherman Chamberlain in the contest of the Schoolboy's Free Trip to the Mammoth Cave. Was very sorry I was not able to come home to the Home Coming, but will turn up again some day, I hope, and be able to ride up, get down, tie my legs(horse) to your "hitchin" pole, find the latch string hanging on the outside as usual, and be able to come in.

Allow me to congratulate you on the recent much improved appearance of THE REPUBLICAN. It has been a caller wherever I have been since it first had its being, about 16 years ago.

Kindly remember me to all my Ohio county friends.

Your friend as ever,

WM. E. BENNETT, JR.,
1st. Lieut. 25th U. S. Infantry.

July 10.—Several from here attended the ice cream supper at Dundee Saturday night.

The death angel visited the home of Ansel Edge Sunday and claimed for its victim their little son. He was about seven years of age. His remains were interred in Sugar Grove burying ground Monday morning.

Rev. F. D. Baughn filled his regular appointment at Rockvale Saturday and Sunday.

T. F. Midkiff and wife and Mrs. Margaret Clements, Owensboro, are visiting relatives and friends at this place.

Mr. and Mrs. T. F. Midkiff and Mother, Mrs. Margaret Clements, Mrs. F. D. Baughn, and wee son, Mrs. Phebe Miller, — Baize and M. S. Ragland, wife and daughter, Marie, visited at H. C. Wrights Sunday.

Mrs. J. W. Baughn and children and Mrs. Lula Welch have returned to their home at Moorehouse, Mo. Miss Ella Morris, Deanfield, visited Miss Eva Martin Saturday night.

Ohio County's Summer Resort.

Ohio county's well known and popular summer and health resort, Sulphur Springs, will be open for guests on and after Saturday, June 2, 1906. Under the management of Mr. T. C. Bean Sulphur Springs has attained first rank as a summer resort. The management spares neither time, trouble nor means to make the stay of all guests pleasant. The hotel and grounds have been improved from year to year and are now first-class in every respect. If it is recreation, health or pleasure you are seeking, you should spend a few weeks at the Sulphur Springs. Terms reasonable. 45t8

Notice.

I have received the Auditor's certificate of the taxes of Ohio county and am ready to collect same. Under the new revenue law enacted by the recent Legislature, I will be compelled to have all taxes collected at an earlier date than ever before, so have the money ready to settle at first call.

IMPORTANT MEETING

Of Ohio County American Society of Equity Held Last Week-- Everything Harmonious.

The regular meeting of the county Union of the American Society of Equity convened at Hartford last Friday. Considering everything, the meeting was probably the most important and harmonious every held in Ohio county.

The minutes of the meeting are as follows:

On roll call of Locals, it was found that 46 Locals were represented.

The question of equalizing the vote of Locals was raised as it was seen that a good many delegates appointed by Locals absent. The chair ruled that the delegates present should constitute the voting strength of Locals.

A committee on resolutions was appointed after which it was ordered that the resolutions should be written and submitted to the committee.

While committee was out, the house engaged in varied discussions pertaining to the work of the order. Committee on resolutions reported as follows:

Whereas, There are quite a number of members and non-members in our county who are tobacco growers and interested in the sale of tobacco, the one as much as the other, therefore be it

Resolved, 1st That this county require each local in the county to present to every one in the bounds of said Union, both union and non-union, an agreement by which they will pool their tobacco with said A. S. of E. and be governed by same

in the sale of said tobacco, giving the number of acres grown by each one. All tobacco growers signing said agreement being eligible to membership and shall become members. Those not signing same not being eligible to membership until the present growing crop is disposed of. We further recommend that each Local report the names of all who refuse to sign this pledge to next county union.

Resolved, 2nd That we favor acting in conjunction with all other sections of the country where the people produce live stock for sale on our markets along the most practical plan that can be devised by the members of our organization for a fair and equitable price for the producer and consumer of this important product.

Resolved, 3rd That Ohio county wheat growers hold their wheat in conjunction with all other wheat growers of the United States for a fair and equitable price and we should recommend the price of 90 cents per bushel from the thrasher.

Resolved, 4th That it shall be the duty of the Secretary and Treasurer to make quarterly reports of all moneys coming into their hands to each county union.

D. FORD, Chairman.

On motion it was ordered that the resolutions be taken up separately.

1st. adopted. 2nd adopted.

The third was read and an amendment was offered striking out the words and figures "90 cents" and submitting "\$1.00" for same, which was adopted.

4th adopted as read.

Moved and agreed to restrict the number of delegates from Locals to county Unions to one delegate at large and one for every 25 members or major fraction thereof.

Resolved, That we give the endorsement of the Ohio County Union to the building of a tobacco warehouse at Magan for the purpose of pooling tobacco, provided that none but members of our organization shall own the stock necessary for the erection of said house. Carried.

A motion was made that the chair appoint a committee to select the delegates to the State Union at Owensboro, 40 in number. Carried.

A committee of 5 was then ap-

pointed to confer with the millers.

J. P. Foster, Alney Tichenor, T. F. Tanner, D. Ford and Albert Cox Committee.

By motion it was ordered that the secretary of each Local in the county furnish to the County Secretary, the charter, name and number of of his Local, date of organization, name of President and Secretary, and also the number of members, both regular and special.

By motion it was ordered that the President of each Local appoint a committee to canvass each school district and make a report of the acreage, number of hands and report to district Union, both union and non-union tobacco.

A motion was made and carried to authorize the County Treasurer to pay to the delegates to Greenville the amount of their expenses to said meeting.

Motion made and carried, to circulate the pooling pledge by school districts.

The committee to confer with the millers reported as follows: "That we were unable to confer with but two milling companies, viz: Hartford and Beaver Dam Milling Companies agreed to give us returns for our wheat as formerly, only under a different form.

J. P. FOSTER, Chairman,
A. TICHENOR, Secretary.

A motion was carried directing Local Unions to assess a fine of 25 cents on every member that is known to go to the County Union rallies or general meetings without the A. S. of E. button on.

The meeting adjourned to meet in Hartford, first Friday in October.
M. F. SHARP, Secretary.

An Enjoyable Outing.

One of the most enjoyable outings of the season was spent last Saturday by a crowd from Hartford and adjacent community on a trip to Rough River Locks.

The boat, "We Three," was chartered by Mr. C. M. Barnett and the whole crowd, consisting of forty or more relatives and friends, including three cousins from Texas, for whose entertainment the trip was made, went on the excursion as his guests.

At the Locks a crowd of twenty or more from Point Pleasant and Livermore joined them.

Soon after the landing at the Locks the noon hour having arrived the ladies spread a bountiful repast and after partaking of same and spending two hours viewing the beauties of man's handiwork in and about the Locks, the return trip was begun.

On arriving at the Hartford wharf the following resolutions were unanimously adopted:

Resolutions offered by W. C. Barnett, of Valley Mills, Texas, and unanimously adopted by the excursion party on board the "We Three," Saturday, July 7th, 1906:

Resolved, That the thanks of this company of relatives and friends of Col. C. M. Barnett be tendered him for having made it possible for them to enjoy the pleasures of this day's excursion from Hartford to the Locks of Rough River.

Also, Those of us happening to be of the male persuasion most heartily thank the good ladies who so bountifully provided for the inner man, and otherwise contributed to the enjoyment of the occasion.

And again, Not forgetting Captain Foreman, of the "We Three," for courtesies extended to all, and more especially to the "We Three," of Texas.

And we would respectfully request the Hartford papers to publish these expressions of our gratitude for this very enjoyable day.

REV. J. A. LEWIS Chairman.

Notice.

Owing to the new law we have been forced to change our mill from an exchange mill to a merchant mill. Will buy your grain and sell you what you want.

Rules governing the contest have been reduced to brief concise form. They are as follows:

THE RULES OF CONTEST IN BRIEF.
The rules governing the contest are very simple. Every coupon cut from the paper properly filled out and sent to the office before date of expiration counts one vote.

Every dollar paid on subscription whether renewal on arrears or new subscriber counts ten votes.

You do not have to vote for the contestant in the district in which you live. You can vote for any one you please.

Fill in all coupons correctly before sending them in.

If you want to send a year's subscription fill in on the coupon 11 as the subscription counts for ten votes and the coupon one.

Be sure and get the coupons in before they expire. No expired coupons will be counted.

The Passing Crowd.

Capt. James DeWeese was a guest of honor at the military maneuvers at Owensboro on the fourth and was mentioned in the official reports for gallantry on the field and distinguished bravery—in the presence of 5,000 people.

The lawn party given by Misses Lillie Burton and Katie Thomas at the latter's home last Friday evening was a pleasant break in the mid-summer monotony. In no town of Western Kentucky is hospitality more profuse than in Hartford, and in few towns of its size anywhere can be found so many young women gifted with that tact and taste which makes entertainment a mutual pleasure to the hostess and her guests.

The young men are discussing a fitting sequel to the entertainment recently given them by the married ladies and bachelor maids at the rink. Col. Barnett's "boating party and lunch last Saturday has furnished them with the plan and the married ladies will be asked to bring their husbands. A pleasant day out doors and good dinner are the main points

of the program.

Ernest Woodward's favorite quotation.—"Down wit' hall tyrants—Especially, King's!"

To the tireless effort of Mr. Paul Fuqua is due the success of the ball at the rink Saturday eve. It furnished a pleasant evenings entertainment to the devotees of dancing.

He never meant it for publication, but it was so high a compliment of a woman he had known well and admired very much that it is reproduced—"She is the warmest, frankest friend and the coldest, most reserved sweetheart, I have ever known."

They played at Hearts on a summer day

And each found the game filled with magic,

Tho she only played for the love of play

He played with a love more tragic.

When the game was done they had neither won

But each was tied with the other, And so joining hands in wed-locks bands

They played out the game together!

CERALVO.

July 10.—A nice dinner was given last Sunday at Dr. J. M. Everly's in honor of little Misses Martha and Annie Reneer, of Masons Orphans Home, Louisville, Ky. Those present were as follows: Little Misses Annie Casebier, Maggie and Sallie Barnard, Ora and Dora Milner, Golda Everly, Annie Bishop, Johnie and Birchie Graves, Vera, Goebel and Vivian Everly, Athel and Annie Wood, Neely, Pearl and Katie Byers, Pauline Morris, Martha and Annie Reneer and Myrtle Garrett. Also little Messrs. Ben Kimmell, Orvil and Dan Casebier, Dire Garrett, Arthur and Vernon Everly and Hue Everly.

Messrs. Clarence Shultz and Carl Bennett, Narrows, visited their aunt, Mrs. S. Bennett, who is on the sick list, Sunday.

Mrs. Sam Coleman died Sunday night after a long illness of consumption. She was a highly respected woman.

NARROWS.

July 12.—Mr. A. R. Renfrow and little daughter, Grace, returned Monday from a visit in Arkansas.

Miss Sudie Felix, of Olaton, visited Miss Magnolia Renfrow Saturday and Sunday.

G. B. Likens was here Tuesday.

Forest Kirby had his ankle broken last week by falling from a wagon and the wheel passing over it.

Jeff Board went to Louisville Monday.

M. F. Sharp was in Owensboro Tuesday.

Misses Effie and Ethel Duke, the pretty twin sisters, daughters of Mr. Thomas Duke, of Palo, visited their sister, Mrs. A. R. Renfrow, the first of the week.

Johnie, the two year old son of E. P. Moore was seriously hurt by a mule kicking him Tuesday afternoon. It is thought that one eye is permanently destroyed by the accident.

John Caldwell, an employee of A. E. Jennings was killed by a falling tree near Sulphur Springs Saturday.

Messrs. A. R. Renfrow and John Renfrow have purchased one thousand acres of timber land near Augusta, Ark. They will at once put a mill on the land to cut the timber. E. G. Kirby and Joe White will have charge of the cutting.

Lillian, the three months old daughter of Mr. and Mrs. Noah White, died of infantile troubles Friday. The friends of these young people deeply sympathize with them in the loss of their first born. Not in the grave, parents, that is only wasting clay, but in that far away home which we all are trusting to reach some day, the babe you loved is smiling at the angels gathered round to bid it welcome. Meet it there.

ADVICE TO ARIZONA

Given in a Letter to President Roosevelt.

He Makes Appeal to People to be Admitted to Union With New Mexico.

Chicago, July 6.—A dispatch from Tucson, Ariz., says:

President Roosevelt is so anxious for Arizona to become a State that he has written a personal letter to his old friend, Mark A. Rogers, urging the people to vote to be admitted with New Mexico. The President says that he believes if the present opportunity is not seized it may be many years before the opportunity may be had again.

President Roosevelt's letter, which was received yesterday, reads:

The White House, Washington, D. C., June 27.—Hon. Mark A. Rogers, Secretary Arizona Statehood Association, Tucson, Ariz.—Dear Sir: My earnest hope is that the people of the Territory of Arizona, in their wisdom, will decide to enter the Union as part of the great State of Arizona. No man can foretell what will happen in the future. But it is my belief that if the people of Arizona let this chance go by, they will have to wait many years before the chance again offers itself, and even then it probably will be only on the present term—that is, on the condition of being joined with New Mexico.

If the people of Arizona come in now, they will achieve what every self-respecting American ought to achieve—that is, the right of self-government. If they refuse what is proffered them—and what in my opinion is proffered them on the only proper and permissible terms—they can condemn themselves to an indefinite continuance of a condition of tutelage.

I have a peculiar affection for the people of the four territories which, under the act of Congress, may enter as two States into our Federal Union. These territories are filled with men and women of the stamp for whom I felt so hearty a regard and respect during the years that I myself lived and worked on the great plains and in the Rocky mountains.

It was from these four territories that I raised the regiment from which I took part in the Cuban campaign. Assuredly, under no circumstances would I advise the people of these territories to do anything that I considered to be against their moral or their material well-being. I feel that for them now to refuse to come into the Union as States would be, at the best, mere folly.

Very wisely the people of Oklahoma and Indian Territory, and I believe, the people of New Mexico also, have abandoned an attitude which forbade their thus assuming the great privileges and responsibilities of full American citizenship. I cannot express too heartily my hope that the people of Arizona, exercising their sober second thought, will come to look at the matter in the same light.

Eagle Whips Farmer.

A terrific battle with an eagle, in which Thomas Haywood, a farmer in the Tumbling Run valley, sustained serious injuries, occurred a few days ago. Haywood saw the eagle descend and seize a rabbit. He rushed on the big bird with a club. The eagle dropped the rabbit and attacked Haywood, beating him into partial insensibility with heavy blows from its wings, and then flew away with its prey.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. I kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs or the kidneys themselves break down and waste away cell by cell.

Bladder troubles most always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It cures inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and sold by all druggists in fifty-cent and one-dollar bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both free by mail, Address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root. Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

ADMIRE U. S. SOLDIERS.

"Best Built and Bearing in the World," Says English Uniform Expert.

Washington, July 6.—The military appearance of the American soldier was a surprise to George V. Winter, who came from London on invitation of the War Department to design certain improvements in the uniforms of the service, which would bring them in line with the acknowledged superior fit and make-up of the British uniforms.

"The American soldier has the best build and bearing in the world," declared Mr. Winter on the eve of his departure for New York. "I thought Tommy Atkins was the best in line, so I am surprised at what I have seen here. While the American soldier is not so beefy as the Britisher, he is smarter and better set up. He is the better set up. He is the best looking soldier in the world, superior to the fighting men of Germany, France or England. The only improvement in the uniforms is to give him a better fit, giving full effect to his fine qualities."

The patterns submitted by Mr. Winter indicate numerous minor changes in the uniforms, but no radical departure from existing styles.

She Didn't Forget.

The little girl had been assiduously instructed in the arts and graces of courtesy, and when she told her mamma how the strange boy at the party had kissed her she did it with a demur, reserved air that would have delighted her mamma under other circumstances. "And he kissed me!" she said.

"Kissed you!" the mamma exclaimed. "And you, Gladys—what did you do?"

"Mamma, I didn't forget my politeness, I said 'thank you.'"

The Real Problem.

What we need is not alibis, but stockings that will wear.

Easy.

There had been a collision between a butcher's cart and an automobile. The policeman was taking copious notes regarding the accident. "Mummie," said a small boy on the outskirts of the crowd, "why does the policeman always lick the end of the pencil before writing?" To make the case look as black as possible I suppose," answered "Mummie," wearily, as she helped the inquisitive child into the bus.

Not His Denomination.

"Now, look here sir," exclaimed the gamekeeper imperatively "didn't you see the notice at the end of the road, 'Pedestrians not allowed?'"

"I did observe a notice stating that pedestrians were not allowed here," readily, "but, you see, I am a Congregationalist."

"Oh, indeed," returned the gamekeeper slightly puzzled; "then I suppose it's all right, sir. You can walk on."

Told at Divorce Congress.

Judge Dugro Irving, at the divorce congress in Washington, told a story of two children, a boy and a girl, members of rich and prominent families, according to the Detroit Free Press.

"The little girls father and mother were divorced," he said. "Her father had married the mother of the little boy."

"These two children a short time after the wedding met at a children party."

"Hello! Dick," said the little girl. "How do you like your new papa? He was my papa once."

ANONYMOUS LETTERS

Have Created Quite a Sensation at Rockport--Directed to Women.

An anonymous letter writer has made his or her appearance in Rockport, and as a result several prominent ladies of the city have received some very mysterious letters, says a Rockport dispatch to the Owensboro Inquirer. The letters were all mailed in Rockport and read as follows:

Religious Headquarters, July 1, 1906. Dear Friend:—Behold a great calamity is about to befall you, but by repeating this prayer which was sent me, you may be saved: "Oh, Lord, Jesus Christ, we implore the eternal God to have mercy on all womankind. Purify our sins by Thy precious blood, and take us to be with Thee eternally. Pardon our offenses and deliver us from all trials, by Thy precious blood. Amen."

The bishop of Illinois request it to be sent to the persons involved. She who does not heed this warning will be afflicted with a great misfortune. She who pays no attention to it meets with a great accident. But she who will recite this prayer for nine days and will distribute it to nine persons, starting one on the day received, will have great joy after the nine days. A voice was heard to say, "She who repeats this prayer will be delivered from all calamities."

ONE WHO KNOWS. The letters have created a sensation and an effort has been made to apprehend the writer, but have failed.

None of the ladies have paid any serious attention to the matter, and it is believed that the letters were written by some person, who is crazy on the subject of religion.

A sweet breath adds to the joys of a kiss. You wouldn't want to kiss your wife, mother or sweetheart with a bad breath. You can't have a healthy stomach without perfect digestion. There is only one remedy that digests what you eat and makes the breath as sweet as a rose—and that remedy is Kodol for Dyspepsia. It is a relief for your stomach, palpitation of the heart, and other ailments arising from disorder of the stomach and digestion. Take a little Kodol after your meals and see what it will do for you. Obituary.

On June 26, 1906, the guarding angel gently winged into the home of Mr. J. G. Wilson, near Rosine, and claimed for its own his daughter, Miss Vastie. She for three weeks had been very low of consumption. After funeral services by Rev. H. D. Burch her remains were interred in the McCord cemetery June 27, in the presence of a host of mourning friends and relatives.

Miss Vastie's age was 14 years and 8 months. She professed faith in Christ in October 1904, and has since been a distinguished member of Cane Run Baptist church. Miss Vastie was a little lady of superb courage. She possessed that fortitude of soul that bears the consequence of course pursued without complaint. Above her marvelous intellectual gifts, rises her integrity like some great mountain peak, firm as the earth beneath, and pure as the stars above. As she lived she died. Proudly she entered the darkness, or the dawn that we call death. Unshrinking he passed beyond our horizon, beyond the twilight's purple hills, beyond the reach of human harm or help to that vast realm of silence or joy where the innumerable dwell, and she has left with us, her wealth of thought and deed. The memory of a brave, honest, noble little lady who bowed alone to death.

Half the World Wonders how the other half lives. Those who use Bucklen's Arnica Salve never wonders if it will cure Cuts, Wounds, Burns, Sores and all Skin eruptions; they know it will. Mrs. Grant Shy, 1130 E. Reynolds St., Springfield, Ill., says: "I regard it one of the absolute necessities of housekeeping." Guaranteed by Z. Wayne Griffin & Bro., druggist, 25c.

Candle to Burn 18 Months.

Shipped last night in a box more than fifteen feet long, the largest wax candle ever made in America started on a trip to Tampa, Fla., to be burned continuously for a year

A Trite Saying.

It is a trite saying that no man is stronger than his stomach. Dr. Pierce's Golden Medical Discovery strengthens the stomach—puts it in shape to make pure, rich blood—helps the liver and kidneys to expel the poisons from the body and thus cures both liver and kidney troubles. If you take this natural blood purifier and tonic, you will assist your system in manufacturing each day a pint of rich, red blood, that is invigorating to the brain and nerves. The weak, nervous, run-down, debilitated condition which so many people suffer from, is usually the effect of poisons in the blood; it is often indicated by pimples or boils appearing on the skin, the face becomes thin and the feelings "blue." Dr. Pierce's "Discovery" cures all blood humors as well as being a tonic that makes one vigorous, strong and forceful. It is the only medicine put up for sale through druggists for like purposes that contains neither alcohol nor harmful habit-forming drugs, and the only one, every ingredient of which has the professional endorsement of the leading medical books of this country. Some of these endorsements are published in a little book of extracts from standard medical works and will be sent to any address free, on receipt of request therefor by letter or postal card, addressed to Dr. R. V. Pierce, Buffalo, N. Y. It tells just what Dr. Pierce's medicines are made of. The "Words of Praise" for the several ingredients of which Dr. Pierce's medicines are composed, by leaders in all the several schools of medical practice, and recommending them for the cure of the diseases for which the "Golden Medical Discovery" is advised, should have far more weight with the sick and afflicted than any amount of the so-called "testimonials" so conspicuously flaunted before the public by those who are afraid to let the ingredients of which their medicines are composed be known. Bear in mind that the "Golden Medical Discovery" has a badge of honesty on every bottle wrapper, in a full list of its ingredients. Dr. Pierce's Pleasant Pellets cure constipation, invigorate the liver and regulate stomach and bowels. Dr. Pierce's great thousand-page illustrated Common Sense Medical Adviser will be sent free, paper-bound, for 21 one-cent stamps, or cloth-bound for 31 stamps. Address Dr. Pierce as above.

and a half in a little Catholic church as a thank offering to San Calogero the patron saint of the sunny village of Sciacco, Sicily, for the recovery of Raffaele Dellacrocce, of Tampa, from a tedious spell of rheumatism, says the New York Press. Dellacrocce's wife, Carmela, made a solemn vow more than a year ago, when her husband lay at the point of death, that if the good San Calogero would spare his life she would burn before an altar a candle equal to the 182½ pounds her husband was spared and she started yesterday with the candle to fulfill the obligation.

In a factory on First avenue the candle was made. It was to be manufactured by the usual process of molding, so it had to be rolled out of thin sheets of wax. It was a costly process, but Carmela willingly paid \$250 for it from her meagre savings. The candle is fifteen feet long, one foot and six inches in diameter at the base and one foot at the top. It weighs to a nicety the required 182½ pounds. On it is painted by hand a reproduction of Michel Angelo's "Madonna." It will be lightened on Saturday, when the annual celebration in honor of San Calogero begins and will not be extinguished for eighteen months, the period the manufacturers guaranteed it will last.

Beats the Music Cure.

"To keep the body in tune," writes Mrs. Brown, 20 Lafayette Place, Poughkeepsie, N. Y. "I take Dr. King's New Life Pills. They are the most reliable and pleasant laxative I have found." Best for the Stomach, Liver and Bowels. Guaranteed by Z. Wayne Griffin & Bro., druggist, 25c.

Costly Water.

More money is paid for water in a single day than is paid for liquor in a week, though few purchasers are aware of the quantity of water they pay for. A ten pound turkey, for instance, is but three pounds solids and seven pounds of water, and there are six pounds of water in ten pounds of pork, while the percentage of water in beef or mutton is about the same. Salmon and mackerel are but half water, though other fish contain a greater proportion of fluids. Sixty-five per cent. of an egg is water, and there are about two ounces of water to the pound of butter. Vegetables run from 40 to 80 per cent. of water, and even dried peas contain a small percentage. Taken at an average 55 per cent. of all expenditures for food is paid for water. There is no way of avoiding payment.

Kennedy's Laxative Honey and Tar is the original laxative cough syrup and combines the qualities necessary to relieve the cough and purge the system of cold. Contains no opiates.

Eiffel Tower Oddity.

The Eiffel tower, owing to the contraction of the iron of which it is built, is 8 inches shorter in winter than in summer.

BOY'S HEAD

In Shark's Stomach When Creature Was Cut Open by Captors.

New Orleans, La., July 10.—A week ago one of the students at Stanislaus college at Bay St. Louis, on the gulf coast, was captured by a man-eating shark while swimming about half a mile from shore. The boy was never seen again after being dragged under the water.

Since that time Gilbert Marshall, a West Point man, now at Bay St. Louis, on his vacation, and his brother Carl, have been making a determined fight on the larger sharks, and have landed four which have been interesting with the bathers for sometime past. The largest specimen was caught yesterday after a fight of three hours.

After dragging him to shore, the two young men, as a matter of curiosity cut him open and found a part of the head and arms of a student that has disappeared in the fish's stomach. Gilbert Marshall, is confident that this is the fish that brought death to the little Mexico student a few days ago.

The people along the entire coast have declared war on sharks and are using every effort to exterminate them.

A Modern Miracle.

"Truly miraculous seemed the recovery of Mrs. Mollie Holt, of this place," writes J. O. R. Hooper, Woodford, Tenn., "she was so wasted by coughing up pus from her lungs. Doctors declared her end so near that her family had watched by her bedside forty-eight hours; when, at my urgent request, Dr. King's New Discovery was given her, with the astonishing result that improvement began and continued until she finally completely recovered, and is a healthy woman to-day." Guaranteed cure for coughs and colds. 50c and \$1.00 at Z. Wayne Griffin & Bro., Druggist. Trial bottle free.

Trousers Broke His Toe.

At Chariton, Ia., tight-fitting trousers proved disastrous to Dr. A. L. Yocum, when he hurried to get into them to respond to an emergency call. He jerked them on and caught his great toe, breaking it.

It is always well to have a box of salve in the house. Sunburn, cuts, bruises, piles and boils yield to DeWitt's Witch Hazel Salve. Should keep a box on hand at all times to provide for emergencies. For years the standard, but followed by many imitators. Be sure you get the genuine DeWitt's Witch Hazel Salve.

Amending an Epitaph.

"Such an amendment," said Senator Tillman during a debate, "would destroy the bill's meaning as the meaning of the epitaph on old John Skinn's tombstone was destroyed. An amendment was tacked to John Skinn's epitaph. It consisted of one word the word 'friend.' It was put on in the dead of night. The epitaph previous to the amendment read: 'He did his best.'"

Wise Girl.

Now, there was a certain girl, and she had three wooers. The first wooer said she was the whole world to him, but she frowned upon his suit. The second wooer said she was the sun, moon and stars to him, but she bade him be on his way.

"To me," said the third, "you are a young woman of agreeable manners, with eyes that might be a little bluer, with a nose that is a wee bit puggy, and with a few freckles, and an annoying habit of blurring

out your thoughts."

She married the third wooer. Being pressed for an explanation of her conduct, she said:

"My goodness! I think I was sensible I married the only one that had courage enough to tell me of my faults before marriage, instead of waiting to throw them up to me afterward."

Try a little Kodol for Dyspepsia after your meals. See the effect it will produce on your general feeling by digesting your food and helping your stomach to get itself into shape. Many stomachs are overworked to the point where they refuse to go further. Kodol digests your food and gives your stomach the rest it needs, while its reconstructive properties get the stomach back into working order. Kodol relieves flatulence, sour stomach palpitation of the heart, belching, etc. Sold by Z. Wayne Griffin & Bro.

A Sustaining Diet.

These are the enervating days, when, as somebody has said, men drop by the sunstroke as if the Day of Fire had dawned. They are fraught with danger to people whose systems are poorly sustained; and this leads us to say, in the interest of the less robust of our readers, that the full effect of Hood's Sarsaparilla is such as to suggest the propriety of calling this medicine something besides a blood purifier and tonic,—say, a sustaining diet. It makes it much easier to bear the heat, assures refreshing sleep, and will without doubt avert much sickness at this time of year.

Sea Water Sizzled in Volcano.

Prof. John A. Brasher, the noted astronomer of Pittsburg, Pa., takes no stock in the sun spot theory of the eruption of Mount Vesuvius. He says the theory attributed to Prof. Belar, of Laibach, that a sun spot is responsible, is ridiculous. "If this were true," he says, "why was Vesuvius quiescent last October, when the sun spots were at their greatest period of disturbance? These outbreaks are caused by the inrush of sea water, which generates steam, and something has to give way to save this old earth from being blown up like a steam boiler."

AN INDEPENDENT SHOW.

John Robertson's Show the Only Big Circus Not Included in the Trust.

All the really big circuses of this country can be counted upon the fingers of one hand, and all but one of them are now in a combine known as the Circus Trust, and has for its primary object the suppression of all legitimate competition and the curtailing of expenses by doing away with parade and other features that have become so established that the circuses would indeed seem sadly lacking without them.

The only first-class circus that did not enter the combine this year is the John Robertson Shows, and the management states that they will positively not be led by this association of trust builders. They will not only continue the use of the parade as a feature, but will see that each year adds some new and attractive novelty for the approbation of its host of patrons and admirers. Their action in thus standing out alone against the combine ought to win them many friends, and it is safe to predict that their appearance at Beaver Dam on July 20 will be greeted with capacity business at both the afternoon and night performances.

Roman Burgundy.

Some ancient remains of considerable archaeological interest have been brought to light in the outskirts of Solcure. They consist in a number of tombs in an alluvial soil, lined with tufa and covered containing the remains of an adult, the head was placed between two stones, one a little raised above the other, the face, arms and legs a little bent as though in the posture of sleep. The tombs are believed to be part of a large Burgundian cemetery established in the first era of Christianity.

of Ohio County.

ANNOUNCEMENTS.

We are authorized to announce S. A. ANDERSON, of West Hartford, a candidate for Representative in the General Assembly from this, the 20th district, subject to the action of the Republican party.

We are authorized to announce CLARENCE DEWESE, of Shreve, a candidate for Representative in the General Assembly, from this, the 20th district, subject to the action of the Republican party.

Examine the label on your paper, if it is not correct notify us.

EIGHTEEN YEARS OLD.

This issue closes the eighteenth volume of THE REPUBLICAN. We enter another year better equipped than ever to serve our subscribers and patrons. We have recently moved into large, commodious and handsome quarters and have added many improvements to the mechanical department of the paper. For eighteen years this paper has been folded by hand. This issue will be folded on a new No. 6 Eclipse folding machine, capable of folding twelve pages, and almost as fast as they can be counted. We shall continue to add to the plant, which is now one of the most complete outside of the large cities. We appreciate the liberal patronage which we are receiving. Our subscription list is growing, as never before, and our job department is kept busy all the time.

Our new quarters and recent improvements have been made at an enormous expense, and we hope our friends who may be indebted to us will appreciate this fact and make us happy by lightening our burdens. You know how to do it.

WITH this issue we raise the Republican standard in the Congressional race in this district. Our banner is in the hands of an able and fearless leader. The Convention which met at Hodgenville this week, made no mistake when it nominated our townsman and countyman, M. L. Heavrin, to represent the Fourth District in the next Congress. He has entered the contest to win and should have the united and enthusiastic support of every Republican in this district. Most especially should the party in Ohio county, which has been honored by this nomination, rally to the support of our nominee where we will undoubtedly have the aid of many liberal Democrats who will stand by their countyman.

WHEN a jury composed entirely of Democrats was selected to try Caleb Powers, some people said it was because the county in which the jury was selected was overwhelmingly Democratic. Wonder what those persons will say about the solid Democratic jury chosen to try Jim Hargis, for killing a Republican, in a county which is overwhelmingly Republican.

TOO BAD that Beckham should be criticised in the house of his friends, for pardoning the victims of Magistrate Hoffman, who is trying to make the Sunday closing law odious, by his frivolous prosecutions. Such is the fate of the reformer, and has been in all the ages. In the lining up of the forces, their true character is developed.

WE are informed that "Farmer" Coburn, who refused an appointment as Senator from Kansas, does not drink, smoke, chew or swear. This explains why he refused the appointment. A man like that would die from lonesomeness in the United States Senate.

It is announced that the Democratic State Committee will try to oust Jim Hargis from membership next month. If they adopt the same rules of evidence as laid down in the trial of Hargis at Beattyville, it will be almost impossible.

ROJESTVENSKY has been acquitted

of the charge of getting licked in the Sea of Japan battle, by the Russian Government. Four of his officers were condemned to death, but their sentences were commuted to dismissal from the service.

PEOPLE of Ohio county must pay an additional 10 per cent. on the assessed value of personal property, without having had an opportunity to be heard upon the matter by the State Board of Equalization.

OWENSBORO is very much elated over securing \$175,000 for a new Government building. This is out of proportion to the size of the town. Owensboro is too near Hartford to ever amount to very much.

THE next Democratic platform, we understand, will ignore the money question. The men who have been giving the "dough" will be glad if the campaign committee will do likewise.

THERE are some strong indications that the political boss who "fixes up" the candidates this year, will find in November that he lacks a few of being the majority of the voters.

WE presume Attorney General Hays is proceeding upon the theory, that "every man has a right to be-labor his own ass."

WE judge from his letter, that Private Secretary Loeb will not allow Mr. Roosevelt to run for President again.

TWO pints of milk make one quart, declares the milkman. So do one pint of milk and one pint of water.

WHEN we meet with sure enough trouble, we learn that almost all our woes have been purely imaginary.

WITH labor entering politics, the future looks dark for the man who entered politics to avoid labor.

IF Attorney General Hays is to be believed, even in half of his charges, he is in very bad company.

OYSTER BAY is not really larger than New York and Chicago together. It only feels that way.

IT is to be hoped that the weather bureau is not keeping that cool wave in cold storage to save it.

HARDLY any of us would begrudge 30 cents to have the snow shoveled off our sidewalk just now.

A REPORT has gained circulation that the Beckham Machine has slipped a cog.

AT this distance, it looks as though the Hargis trial would be a howling farce.

RUSSIA has troubles enough for herself and all the rest of us.

UNEASY lies the head that runs a trust.

Remarkable Statistics of Education.

According to statistics carefully compiled by the National Bureau of education it thus appears:

(1.) That a boy with a common school education has but one chance in 9,000 to win eminent distinction in life.

(2.) That a high school education gives the boy 22 chances in 9,000 to win eminent distinction.

(3.) That a college education added gives the young man 220 chances in 9,000 to win eminent distinction.

These facts forever settle the question: "Does education pay?" The only question left for young men and women to decide is, "What school shall I attend and where?" We answer, Hartford College is the school and now the time. This Institution numbers among its former students, scores of prominent doctors, lawyers, ministers and business men; while hundreds have gained prominence in the trades, industries and other fields of usefulness. It turned out about 40 teachers this year, and fully two-thirds of the teachers of the county are its former students.

The Business Department is up to date in every respect, and the work covered is identical with that of regular business colleges. Our graduates are thorough in their work, and have no trouble in holding positions. Students enter at any time and receive individual instruction. We can also give you a course by mail in shorthand, which is an excellent preparation for one who has not time to enter school now.

First Term Opens Sept. 3, 1906.
Third Term Opens Jan. 14, 1907.
Expenses are as low or lower than in any other first-class Institution. Catalogues free. Address,

CHURCH GROWTH IN 1905.

Largest Gain Made by Roman Catholics—Highest Rate by Episcopalians.

Some figures on the relative strength and growth of the various churches of the United States are given by Dr. Carroll in the Christian Advocate.

In the year 1905 the total number of communicants was 31,148,445, a net gain for that year of 519,155. This membership was distributed as follows: Roman Catholics first, with 10,785,496, net gain 192,122; Methodists second, with 6,429,815, gain 101,892; Baptists come third, with 4,974,047, gain 72,667; Lutherans fourth, with 1,841,346, gain 51,580; Presbyterians fifth, with 1,723,871, gain 26,174; Disciples of Christ sixth, with 1,235,294, gain of 1,428; Episcopalians seventh, with 827,127, gain 19,203; Congregationalists eighth, with 687,042, gain 13,321; Reformed (Dutch and German) ninth, with 405,022, gain 4,021.

The percentage of gain is increasing, for the largest denominations are not, except in the case of the Methodists, enjoying the same rate of growth as some of the smaller ones. In their percentage of increase they stand in this order: Lutheran, .028; Episcopalians, .023; Congregationalists, .019; Roman Catholics, .017; Methodists, .015; Presbyterians, .015; Baptists, .014; Reformed, .008; Disciples of Christ, .001.

The large rate of increase of the Lutheran denomination may be partly accounted for by immigration.

Methodists and Baptists are doing most for the negro of the south and are very strong in that section. The Baptist growth in the north, where they number 1,075,833, was but 4,864; but the Methodist Episcopal church North, 2,910,779 strong, had a growth of 62,847.

Mr. R. W. Caldwell, a well-known resident of the Narrows Neighborhood, was instantly killed by a falling tree last Saturday. He and other men were engaged in cutting timber and it was a tree that they had cut down that killed him. A large projecting limb to the side of the tree which fell on the ground caused the body of the tree to raise up and this struck Caldwell, crushing his head and greatly lacerating his right arm and side of his body.

SOME MEDICAL FALLACIES.

Mistakes Made by People Who Think They Can Remedy Their Own Ailments.

A doctor was pointing out medical fallacies—the wrong ideas about things medical that many people hold.

"One fallacy," he said, "is that beef tea is nourishing. It is nothing but water in which certain pleasant and exhilarating meat salts are dissolved. You would starve to death on beef tea, the same as on whisky or on coffee."

"Another fallacy is that alcohol—whisky—warms the body. Alcohol lowers the temperature. It chills, instead of warming. Hence it is of no use whatever as a guard against cold."

"A third fallacy is that one egg contains as much nourishment as a pound of meat. Sick people without appetite think complacently that if they take an egg or two a day they are doing well. As a matter of fact, they are doing anything but well. They must remember, if they are substituting eggs for meat, that eight eggs, not one, are required to equal one meat pound."

"Then there's the liver fallacy. Many, as soon as their stomachs get out of order, begin to treat their liver. But the liver is a dangerous thing to treat unless one understands it, for there are over 90 distinct liver troubles, and what is good for one of them may be bad for all the rest."

Importing Sacred Cattle.

The government has undertaken to superintend the introduction into this country of the sacred cattle of India for breeding purposes. The reason why these cattle are desired by cattlemen is that they are immune from pleuro-pneumonia, which has caused such heavy losses through infection by cattle ticks. The ticks, it is asserted, cannot work on the sacred cattle. Experiments have been carried on for years to demonstrate this fact. The introduction of one-eighth of sacred blood in the ordinary American cattle is said to be enough to obtain immunity. Secretary Wilson agreed to afford facilities for the importation of Indian cattle, but on condition that a government veterinarian should examine every beast before it was brought and give his approval to the purchase. The expenses of the veterinarians are paid by the cattlemen.

Greek Who Won Great Race.

He was a poor man, mark you, and had to live most economically to live at all. They offered him \$5,000 in gold—\$5,000 in a country where a stout laborer earns less than 40 cents a day. He refused it. To sustain the honor of Hellas was enough for Lones Spiridon, he said, and only asked that he be given a water privilege in his native town of Maroussi, that he be allowed every morning to fill his goatskins in Athens and drive his little team of his own little village and there sell such of the water as his own people might care to buy of him. The money? They set it aside for the physical training of the boys of Lones' village.—Ounting.

Fowls Spread Disease.

At the meeting of the district council at New Malden, England, recently, Dr. Rashell Davidson, the medical officer of health, reported a case of diphtheria at a cottage in Old Malden. On searching for the cause of the outbreak, two cases having occurred in the same cottage six months ago, he found that 25 fowls were kept in a very confined space, and on inspecting one he discovered symptoms of diphtheria. He sent one of the fowls to a distinguished bacteriologist, Dr. Lawes, who reported that he had discovered in it a bacillus closely resembling the bacillus found in human beings attacked with diphtheria.

Faith vs. Hustle.

"Here is a Chicago believer in the efficacy of faith who says you have only to think constantly of anything you want and it will come to you."

"But, say, isn't it a good deal better to get out and hustle for it?"—Cleveland Plain Dealer.

Brickwork Embroidery.

In Normandy, France, there stands a modern chateau, the

brick of which is laid in such elaborate patterns that it gives the effect of intricate embroidery.

UNCLE SAM'S LITTLE GRAFT

Postal Department Has a Big Profit from Lost and Unused Stamps.

"Have you ever stopped to think that Uncle Sam's postal department makes about \$2,000,000 a year out of postage stamps that are lost or never used?" asked a prominent official of the Washington post office of a reporter for the Pittsburgh Gazette. "I dare say that there are enough postage stamps wasted in Pittsburgh to pay six per cent. on \$5,000,000 for a new post office."

"Just think of the number of stamps that are put into pockets and later unearthed in small bits; the stamps that become gummed together or are lost outright; the number of stamped envelopes and return postal cards that are sent out by business men and never used; the stamps that are stuck on carelessly and fall off in transit, but which the postman collects again from the receiver; the stamps that are put on packages in greater quantities than required."

"When the hot weather comes along with its sticky stamps, Uncle Sam's neat little graft swells to enormous proportions."

Signs of Spring.

Women who do their own marketing are now totting home quantities of rhubarb, which is stewed up or converted into tarts and pies. The plant contains several active extractives, and is a highly popular tonic astrigent to cleanse the blood in spring. The "Swamp Fox," Gen. Marion, always drank daily in the spring a teaspoonful of good vinegar as a blood purifier. In certain parts of the south asparagus tea is the panacea. Great for the kidneys. Some of the old-timers bite off a piece of pine root and chew it as we chew tobacco. An infusion of sasaparilla is believed to be as good as anything else under high heaven. Its properties are due to a volatile oil. Sarsaparilla contains an essential oil, and is diuretic, tonic and alterative.—N. Y. Press.

Cossack Customs.

Many queer customs and usages are prevalent among the Cossacks of the Don. No man changes his clothing on Monday. If he did, it is believed that he would suffer from a severe skin disease. On Thursday no fat or flesh must be picked or corned. If anyone neglected this the meat would be full of worms in a fortnight. Wool is not spun on a holiday, else the cattle will sicken and die. A hen is always given an uneven number of eggs to hatch, never an even number. Bones left from a dinner at a funeral are thrown into the river, else the dead will appear to the living in fearful shape, and at the same meal no one dare cut bread—it must always be broken.

Pity the Poor Woman.

"Gracious! John," exclaimed Mrs. Shangey, "you surely haven't brought anyone home to dinner!"

"Sure," replied Shangey. "Haven't you got any grub for them?"

"Why, no. You told me this morning you'd bring home a couple of lobsters for dinner, and—"

"Well, that's them in the parlor."—Philadelphia Press.

POPULARIZING FRENCH COIN

Strange Way of Creating a Demand for a Formerly Unpopular Nickel.

This little story comes from Paris, says the Indianapolis News. Some time ago a five sous piece in nickel was coined. It was very unpopular among small tradespeople, who in every possible way avoided taking it. One day the story spread with lightning rapidity that among all these pieces of nickel there were five to which the mint had given a particular mark that made them specially valuable. This mark was the name of Rothschild and the lucky persons who should discover these marked pieces would, on carrying them to the rich banker, receive, for the first piece 25,000 francs (\$5,000); the second, 10,000 francs; the third and fourth 5,000 francs

each, and the last 2,000 francs.

It was given out that this lottery was gotten up by Rothschild because he is largely interested in nickel, as he is in other metals. The new money is now in great demand and each side of every coin is eagerly scanned in the hope of finding the microscopic mark of the great Rothschild.

Some shrewd persons are wondering to whom is due the credit for having thus created a demand for this unpopular piece of money.

Zwieback.

Whenever a man begins to pick over his food his shadow grows less. The best rule of health that ever was promulgated is this: We've all got to eat our peck of dirt. But, of course, there is general objection to eating the peck at one meal. I have an old friend who never eats the crust of bread, no matter where the staff of life is baked. Pulled bread for him! And there is nothing better than pulled bread toasted, with a little butter smeared thereon. This fact, however, does not excuse a man for pulling his bread at the table. Zwieback is a delicious confection. It is bread twice baked, and will never cause indigestion or dyspepsia. Its only objection is its sweetness. The average boy can eat a whole box of zwieback in ten minutes. The average man wants something less sweet.—N. Y. Press.

Bull Fighting Statistics.

"I am off for Spain," said a photographer. "The bull fighting season opens in April, and I must be there for the first performance. 'The season,' he said, 'lasts seven months, from April to November. Each season there are on an average 500 fights, and in each fight three bulls are killed, ten horses and a twenty-fifth of a man. The aggregate season's slaughter, in the ring, that is, to say, is 1,500 bulls, 5,000 horses and 20 men. The chief matadors number 25. They each earn about \$9,000 a season. The ordinary helpers earn in a season only \$500."

Not a Black Sheep.

Mr. Tomkins was waiting for Miss Minnie, and her youthful brother was entertaining him until his sister's arrival.

"I say," he ventured, "your hair is black, isn't it?"

"Yes."

"Well, you dye it, don't you?"

"No; what put that idea into your head?"

"I dunno, only sister Minnie said the other day that she believed you were naturally light headed."

Mr. Tomkins has transferred his affections to another girl.—Stray Stories.

Winged Speech.

Bobby called to his mother from the yard and asked her to write a sign for him to put on his new bird house, "For Rent."

His mother, busy with a French lesson, said: "Very well, I will write it in French, a lover."

"Oh, no," protested Bobby, "that wouldn't do. These are English sparrows."—Lippincott's Magazine.

Death in Bologna Sausage

J. E. Barmore, a farmer residing near Fort Smith, and his two children, Emma, aged 5 years, and James, aged 18 months, died June 18 of ptomaine poisoning. They had eaten Bologna sausage.

A daughter, aged 7 years, is at the point of death. The mother ate none of the sausage and is not affected. The Bologna was purchased from a street lunch stand.

Thinks He'll Fly Without Gas.

Amiel Bratohie, of New Castle, Pa., has just been granted a patent on a new style of airship, and believes he has solved the question of flying.

In his ship he depends entirely upon mechanical principles to sustain his flight and use neither gas nor any other thing of that nature to give it buoyancy.

NEURALGIA and
KIDNEY TROUBLE
"DROPS" taken internally, rids the blood of the poisonous matter and acids which are the direct causes of these diseases. Applied externally, it affords almost instant relief from pain, while a permanent cure is being effected by purifying the blood, dissolving the poisonous substance and removing it from the system.

DR. S. D. BLAND
Of Brewton, Ga., writes:
"I had been a sufferer for a number of years with lumbago and rheumatism in my arms and legs, and tried all the remedies that I could get from medical works, and also consulted with a number of the best physicians, but found nothing that gave me relief obtained from 'DROPS'. I shall prescribe it in my practice for rheumatism and kindred diseases."

FREE
If you are suffering with Rheumatism, Neuralgia, Kidney Trouble or any kindred disease, write to us for a trial bottle of "DROPS," and test it yourself.

"DROPS" can be used any length of time without acquiring a "drug habit," as it is entirely free of opium, cocaine, alcohol, laudanum, and other similar ingredients.

RENT PAYS FOR LAND
Fertile Sections of the Southwest.
Where Land Sells for \$15 and
Rent for \$5 Per Acre.

One of the remarkable things about Eastern Arkansas and North Louisiana is the fact that cleared land rents for \$5 per acre cash, and can be bought for \$7.50 to \$15 per acre. It costs from \$6 to \$10 an acre to clear it. Other improvements necessary are slight and inexpensive.

The soil is rich alluvial, or made acre, worth \$45 to \$60. This account it produces a bale of cotton per for its high rental value. Others crops, such as corn, small grains, grasses, vegetables and fruits thrive as well.

Alfalfa yields 4 to 6 cuttings, a ton to a cutting, and brings \$10 to 15 per ton.

In other sections of these states and in Texas as well, the rolling hill-land is especially adapted to stock raising and fruit growing. Land is very cheap, \$5 to \$10 acre; improved farms \$10, \$15 to \$25 per acre.

The new White River country offers many opportunities for settlers. High, rolling, fine water-irrigated land is naturally adapted to stock and fruit raising. Can be bought as low as \$3 per acre.

See this great country for your self and pick out a location. Descriptive literature, with maps, free upon request.

The Missouri Pacific-Iron Mountain System Lines sell reduced rates round trip tickets on first and third Tuesdays of each month to points in the West and Southwest, good returning 21 days, with stop-overs. For descriptive literature, maps, time tables, etc., write to

Louisville is Booming!

DO YOU KNOW THESE FACTS ABOUT LOUISVILLE? 350,000 people within a radius of only 6 miles! It leads the WORLD in the manufacturing of jeans, farm wagons, sewer pipe, wooden boxes, and in producing and handling whisky, sole leather, cement, tobacco, ax handles and plumbers' supplies. Louisville is the home of the largest organ factory in the world, the largest soap factory, in the South and one of the largest plow factories in the world. It has the grandest park system in the United States, and many magnificent public buildings and churches, and is the home of the WORLD'S LEADING COMMERCIAL SCHOOL. Enroll at this school, do THOROUGH work, and you'll never be in want of a good position in a booming, enterprising city like Louisville. NOW is the time to investigate. Catalogue free.

BRYANT & STRATTON BUSINESS COLLEGE, LOUISVILLE, KY.

DEMOCRATIC JURY

Will Pass on Hargis and Callahan Cases; Looks Like Usual Frame up.

Beattyville, Ky., July 7.—Twelve Democrats, selected from a strong Republican county, make up the jury to try James Hargis, the former County Judge and Ed Callahan, the former sheriff of Breathitt county, for the murder of James B. Marcum, a Republican.

These men are to decide the fate of the man who is a member of the Democratic State Central Committee from their district, and who for years held the balance of political power in the mountains of eastern Kentucky, and who to-day boasts of his influence with the present Democratic State administration at Frankfort without a murmur of disapproval from that quarter.

The jury was selected after 61 talesmen had been examined by the attorneys of either side, the last four being secured from bystanders summoned by the elisors. Out of the sixty-four names drawn from the jury wheel, after the regular panel of twenty-four men had been exhausted, only half of the number were summoned by the elisor and his deputies.

Shake off the grip of your old enemy, Nasal Catarrh, by using Ely's Cream Balm. Then will all the swelling and soreness be driven out of the tender, inflamed membranes. The fit of sneezing will cease and the discharge, as offensive to others as to yourself, will be cured when the causes that produce it are removed. Cleanliness, comfort and health renewed by the use of Cream Balm. Sold by all druggists for 50 cents, or mailed by Ely Bros., 56 Warren St., New York.

Breaking an Army Horse.

In breaking the young horse you have a more difficult problem, as he must be handled with extreme care and kindness, and the least departure therefrom may ruin the horse. He should be broken with the snaffle bit, taught gradually and made much of whenever he is required to do anything new. He is first given the bending lessons, to supply the neck and make him reinwise, taught to lead and placed upon the longe, a rope or lariat being used for that purpose. He is made to move to the right and left in a circle, to change his gait, thrown and taught to lie down at the signal or word of command, to move backward or forward, to passage, turn on the forehand, haunches, etc. In doing this a small switch is used in conjunction with the spur and the reins.

It is necessary to be very patient and always kind; one must pet him and make much of him whenever he responds to the aids. He soon learns what is required of him and only a few lessons are necessary. When ever he has responded to the reins they should be relaxed, and he should be allowed to have his head. To make him carry himself well and give the proper arch to his neck, side reins, fastened to the cinch rings of the saddle, are excellent and while, at first the horse finds them irksome and will fret more or less, if you are kind to him he soon learns to arch his neck to prevent pain from pressure of the bit.

How's That?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh cure. F. J. Cheney & Co., Toledo Ohio.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

WALDING, KINNAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surface of the system. Testimonials sent free. Price, 75c. per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

A Battle for Life With a Fish.

Recently while a number of boys were in swimming off Patterson's coal float, in the Allegheny river, near Sixth street, Pittsburgh, Pa., they were attacked by an enormous, sturgeon. The boys, badly fright-

ened, tried to get away, but the fish gave battle and seized Willie Weidenseim, aged 10, by the leg.

Wrighting in pain, the lad screamed for help. Jacob Miller the watchman of the float, ran to the boy's assistance and dragged him from the water, the fish still hanged on. He killed it with a baseball bat. The fish was almost six feet long and weighed 89 pounds. The boy is badly hurt.

Baby Coach Tied to Bridal Cab.

At Sharon Hill, Pa., with a diminutive baby coach towing behind the cab and with the vehicle decorated with all manner of signs indicative of the bridegroom's business, Thomas Ryan and his bride, Miss Margaret M. Sweeney, were driven to the station last week. They had just been married at the church of the Holy Spirit by Rev. Father McMahon.

Dying of Bees' Stings.

Attacked by a hive of bees on his farm, near Salix, Pa., Joseph S. Burkart was so badly stung that his life is in danger.

The bees settled on him before he could get out of the way, and stung him in about 100 places, on the head, face and back.

Died for Love of Wife's Daughter.

Last week, love for his wife's daughter is said to have caused the suicide of George Barrett, near Washington Junction. Barrett married a widow with four children, including a daughter, with whom Barrett subsequently became infatuated. This daughter was married recently, and her stepfather became despondent and took his life, leaving a farewell letter for the girl.

A SWEEPING CLEARANCE SALE

For 30 Days Only. Sale Begins Saturday, July 14th, Closes Wednesday, August 15th.

As is our usual custom we come again with our semi-annual offerings of many bargains. Notwithstanding the marked advances in most all lines of merchandise we were fortunate enough by early buying to secure many lines at old prices, and after one of the most successful season's business in the history of our business we desire to show our appreciation of same to our friends and customers by giving to them a season of extremely low prices in which our loss will result in their gain. Below we quote prices on only a few of the many articles carried in our immense stock, but remember that in this great sale every article in our house is to be sold at reduced price

NOW FOR THE FUN.
At our cost and a gain for the lucky man or woman, on Saturday afternoon, July 21, at 4 o'clock, there will be thrown from the top of our store house a lot of merchandise, consisting of **Pants, Hats, Shoes, Sox, Supporters, Collars, Ties, Bacon, Beans** and a handful of Cash.
Let everybody come and join the scuffle.

ON SATURDAY, JULY 28,
At 10 o'clock a. m., we will give to the man in the store having the largest foot a pair of shoes, and to the lady over 21 years old in our store having the smallest foot a pair of shoes. At 4 o'clock in the afternoon on Saturday, we will give to the prettiest baby, not over a year old, a solid gold ring. Old maids to be the judges.

ON SATURDAY, AUG. 4,
At 4 o'clock, there will be Balloons sent up. To each Balloon will be attached cards calling for an article of merchandise. The person returning these cards will be presented with articles free of charge.
Let everybody join the chase. It will pay for the running.

NOW FOR THE LAST
And best of all. On Saturday, August 11, at 3 o'clock p. m., we will give to the man, who will bring a load containing the greatest number of people to our store, a suit of clothes. Now remember the people are to be brought from the country and not gathered up in town. Now don't let some other fellow beat you.
